BOX INCLUDES

For troubleshooting & more info, please visit: https://fascinations.com/wire-rack

1 Large Hex Key

- 1 Upper Pole Set
- 1 Lower Pole
- 1 Top Attachment Square
- 1 Bottom Attachment Square
- 4 Wire Rack Panels
- 1 Plastic Base

1 Plastic Lid

1 Big Washer

1 Header Card

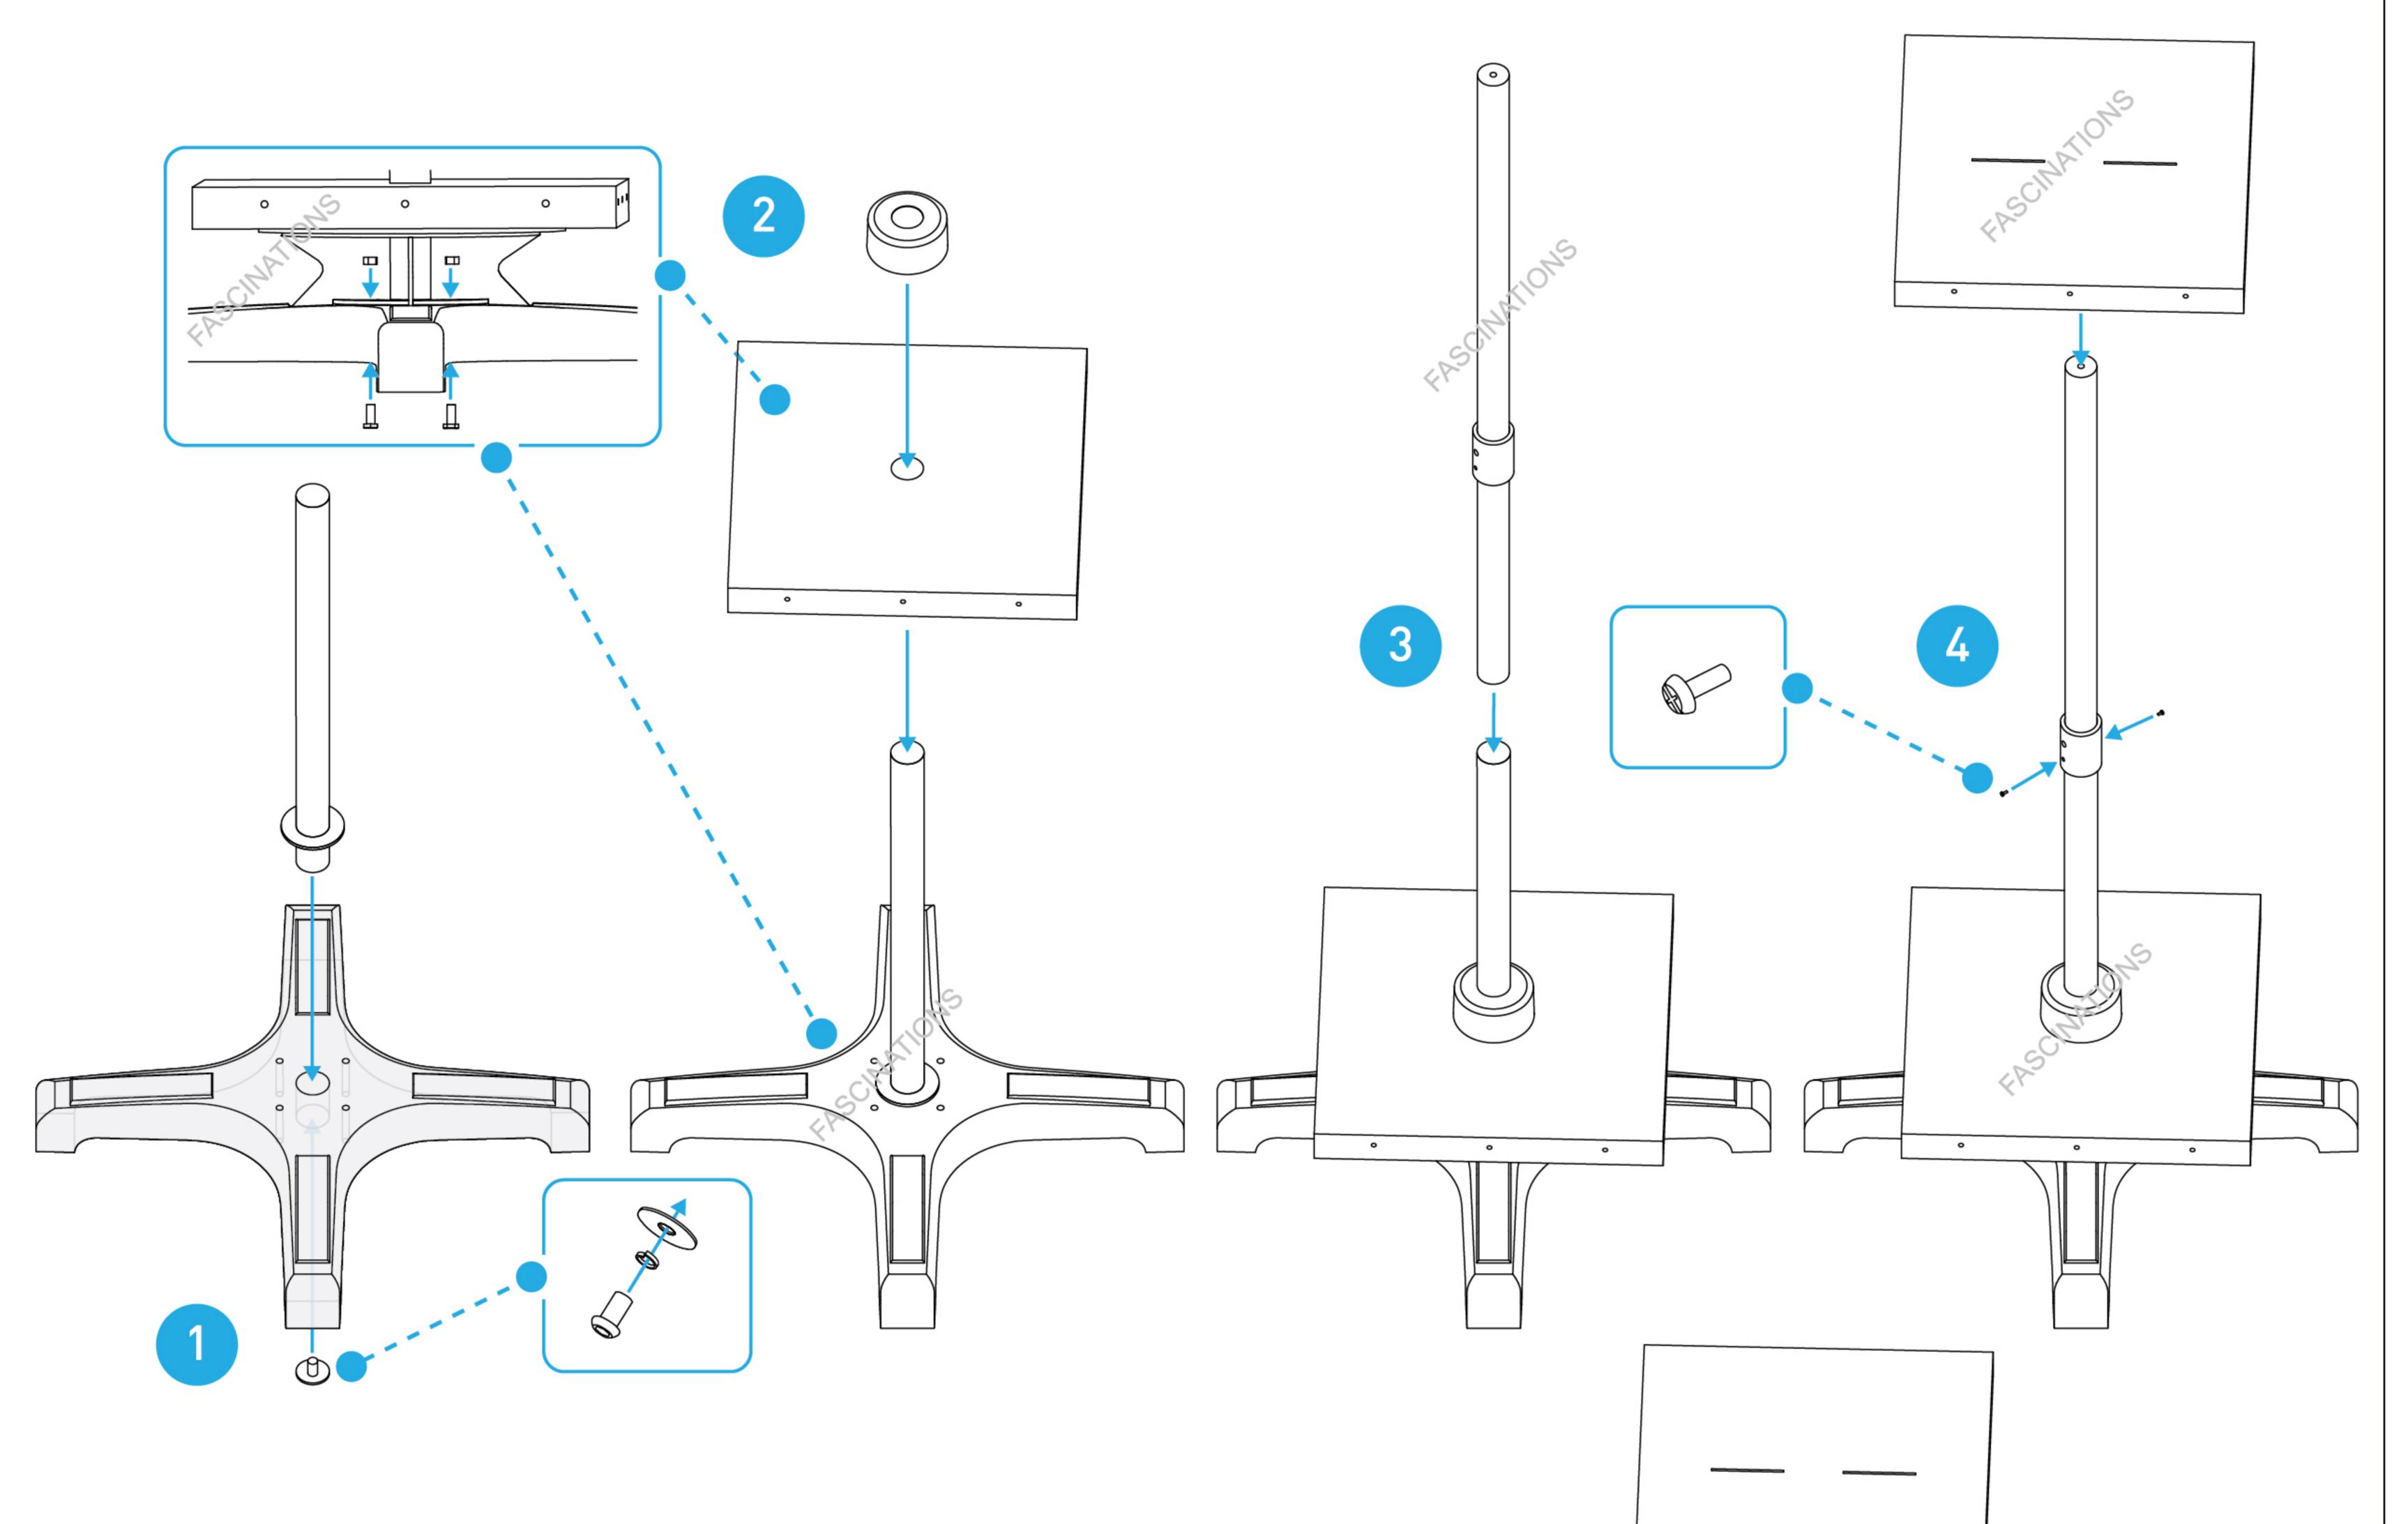

1 Locking Washer

- 26 Small Screws
 1 Medium Hex Key
 - 4 Bolts with Nuts
 1 Small Hex Key
 - 84 Metal Hooks

10 Cable Ties

1 Large Screw

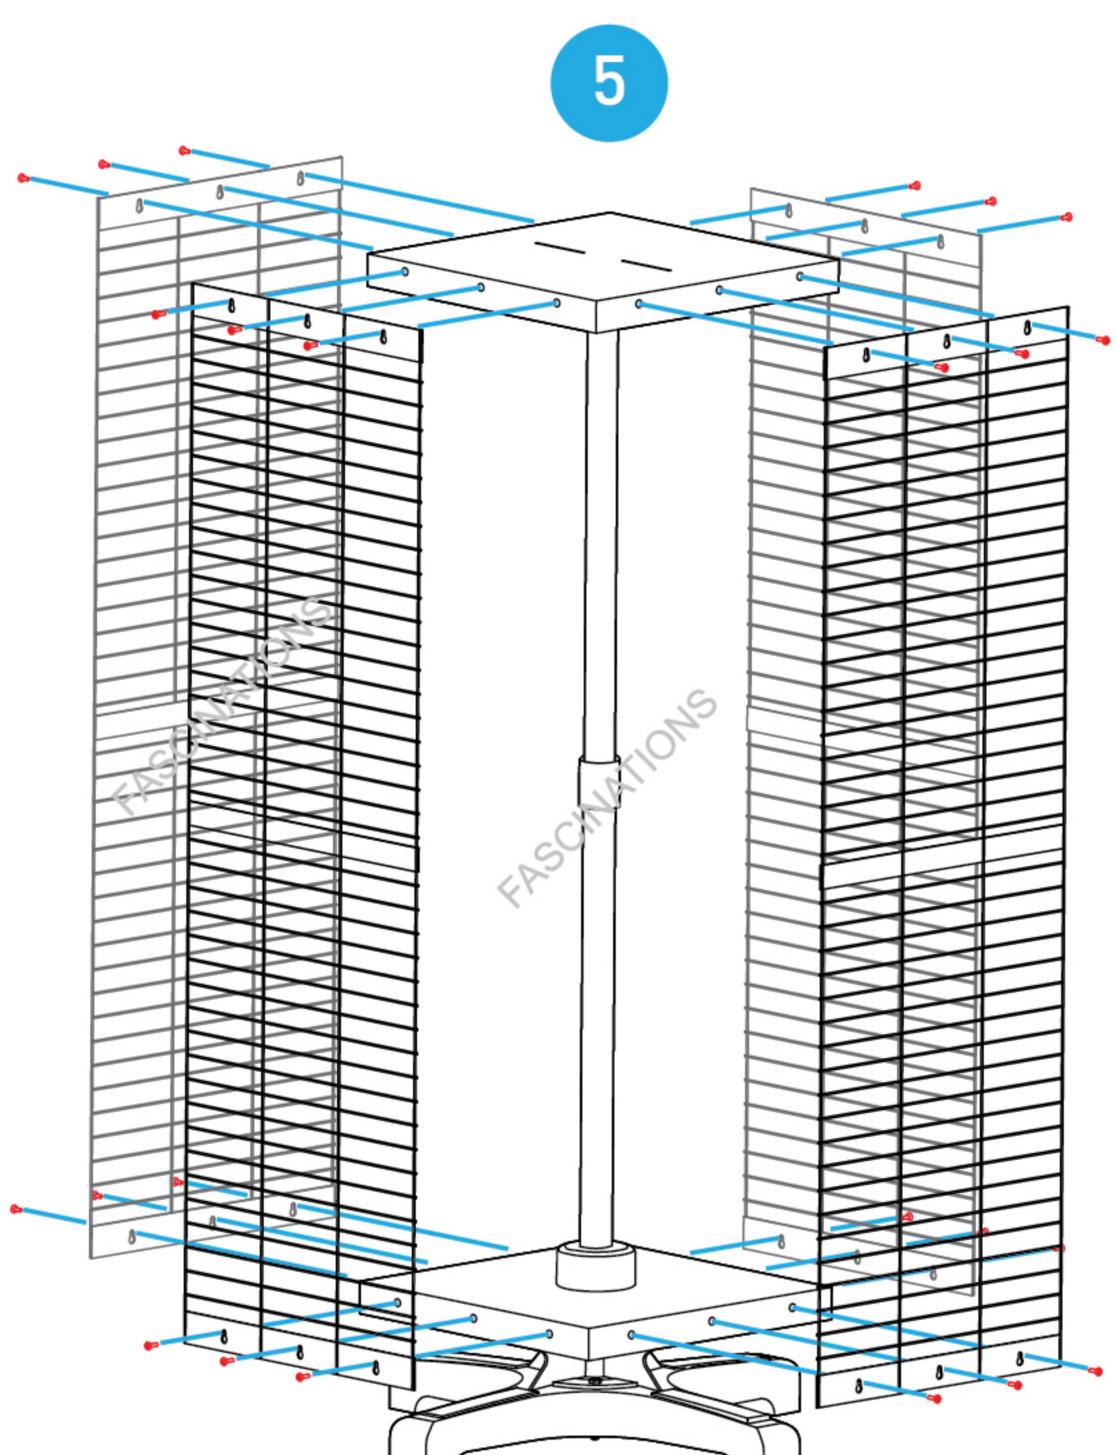

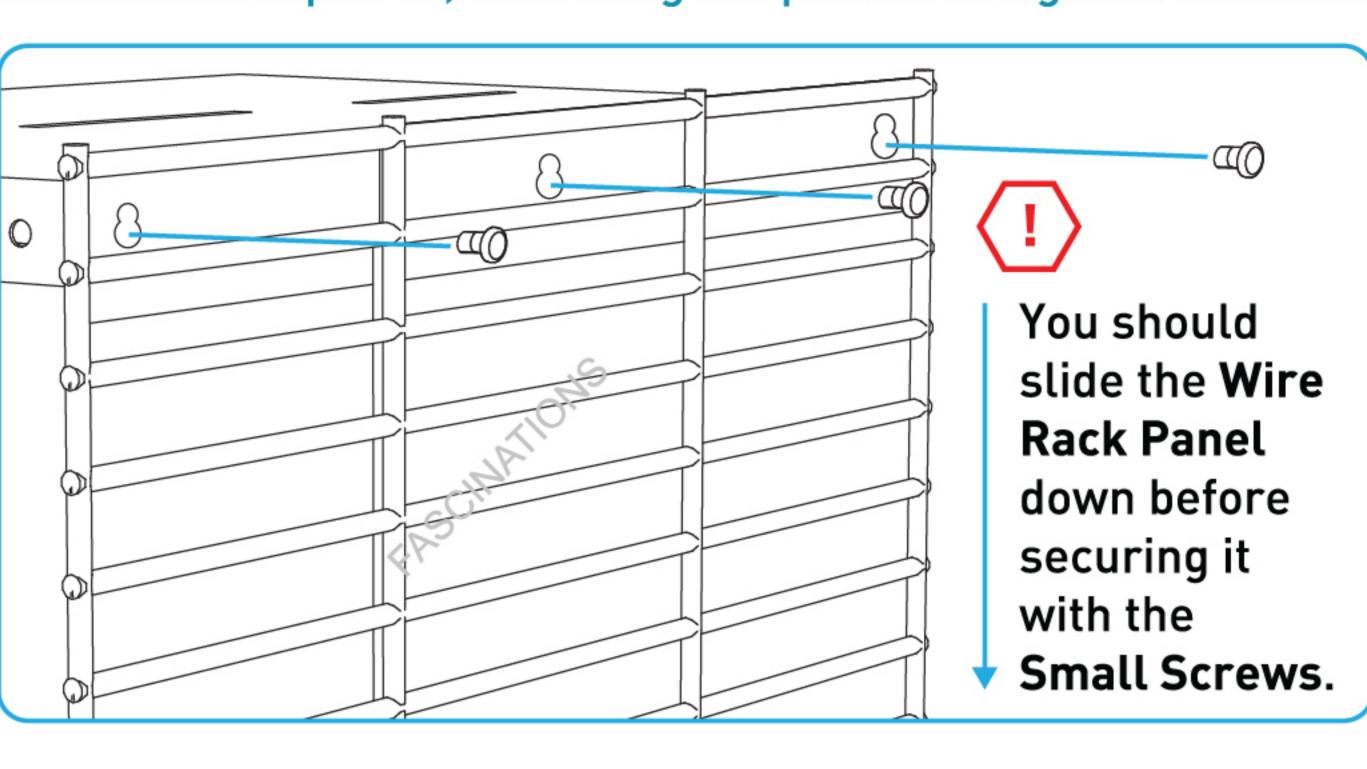

- . Set the Plastic Base on the floor and then secure the Lower Pole into the base using the Large Screw with Big and Locking Washers.
- 2. Slide the Bottom Attachment Square and Plastic Lid down the Lower Pole, then secure the Bottom Attachment Square to base using 4 Bolts with Nuts.
- 3. Insert Upper Pole set into Lower Pole.
- 4. Secure the Upper Pole Set to the Lower Pole using 2 Small Screws, and then attach the Top Attachment Square on the Upper Pole.

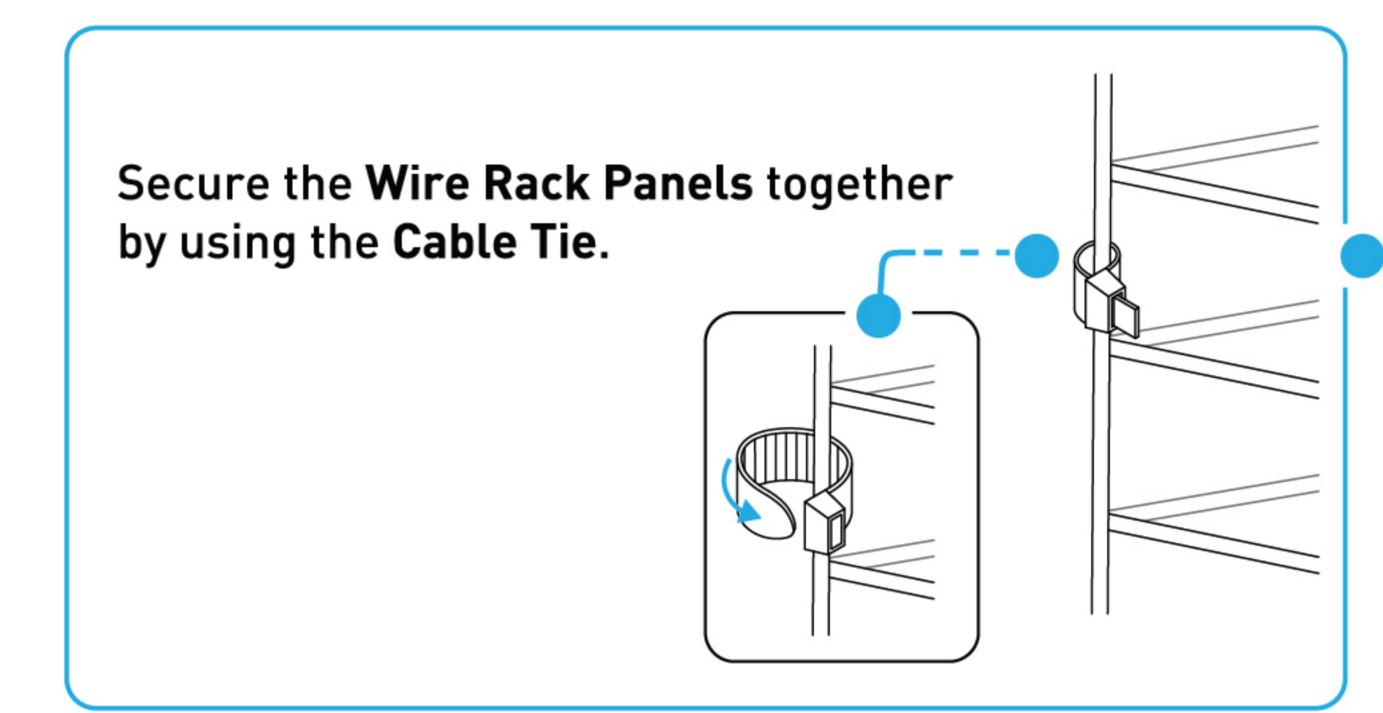

ATTACHING THE WIRE RACK PANELS

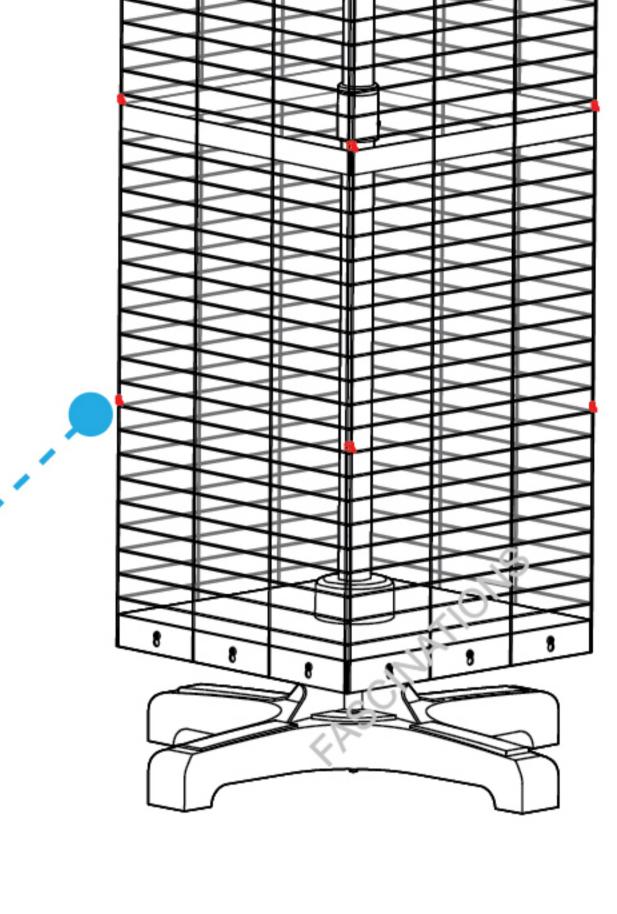

(NOTE: It is helpful to have an additional person hold each panel in place while inserting and tightening the screws.)

First, drive the screws halfway into the Top and Bottom Attachment Squares, then hang the panel and tighten the screws.

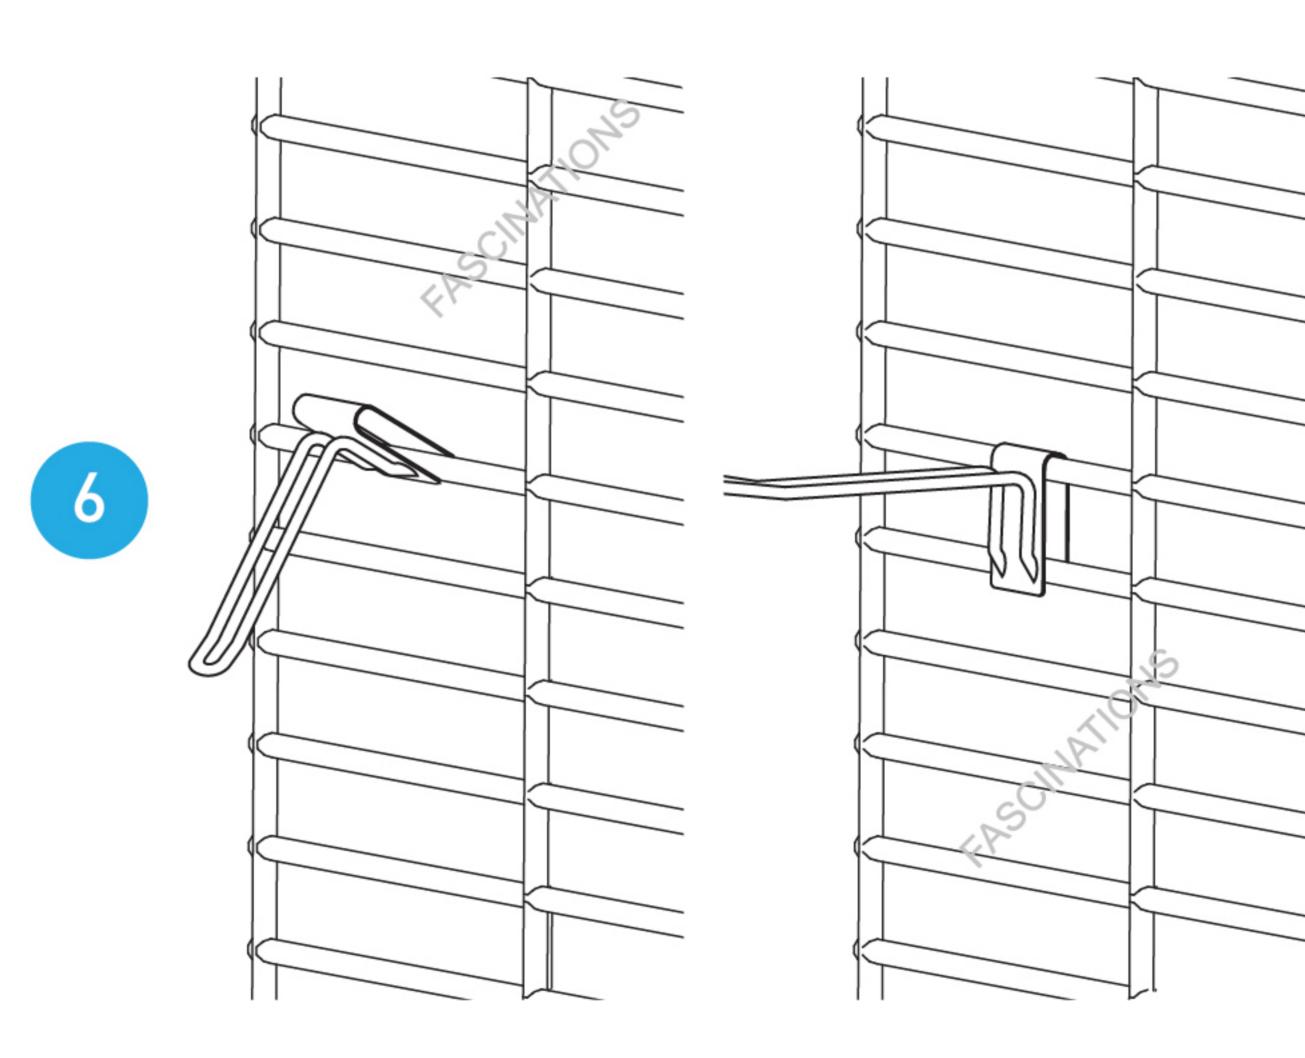

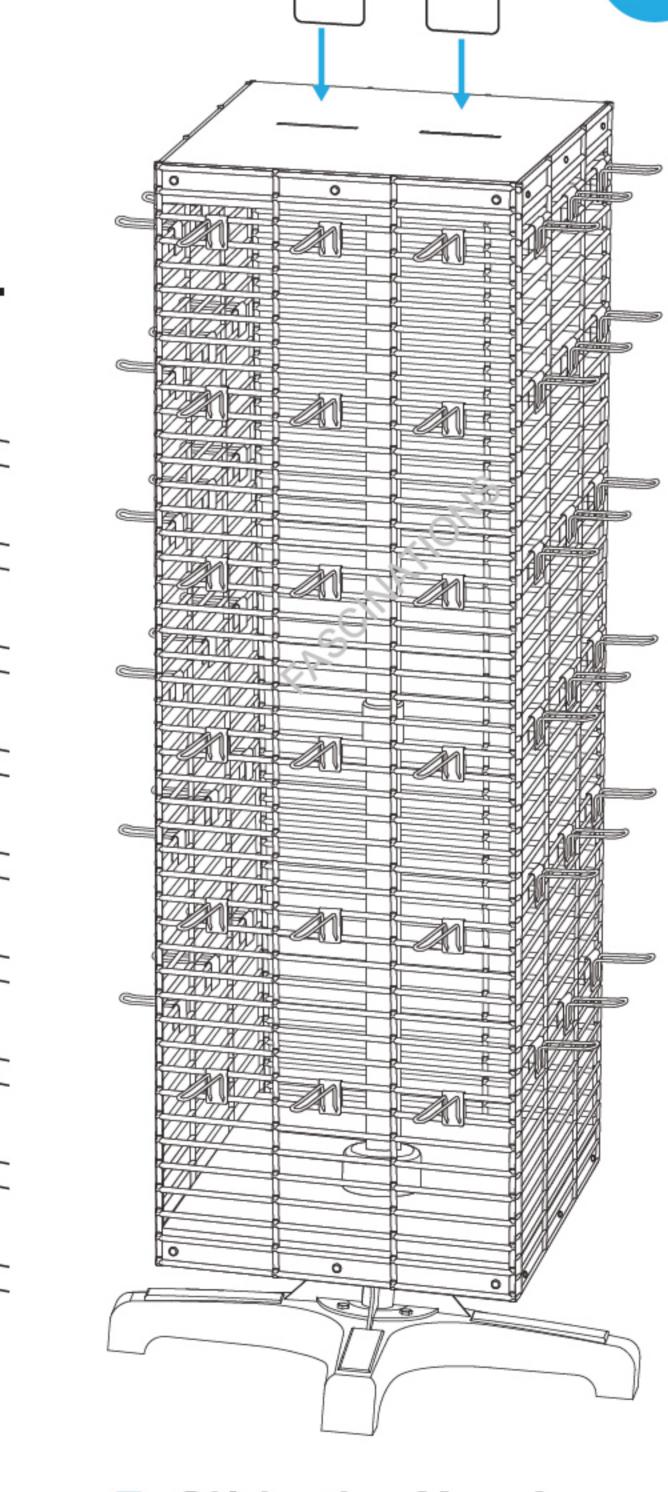

5. Secure the Wire Rack Panel to the Top Attachment Square using 3 Small Screws with the flat side of the panel facing in. Then, secure the Wire Rack Panel to the Bottom Attachment Square using 3 Small Screws. Repeat until all 4 panels are attached.

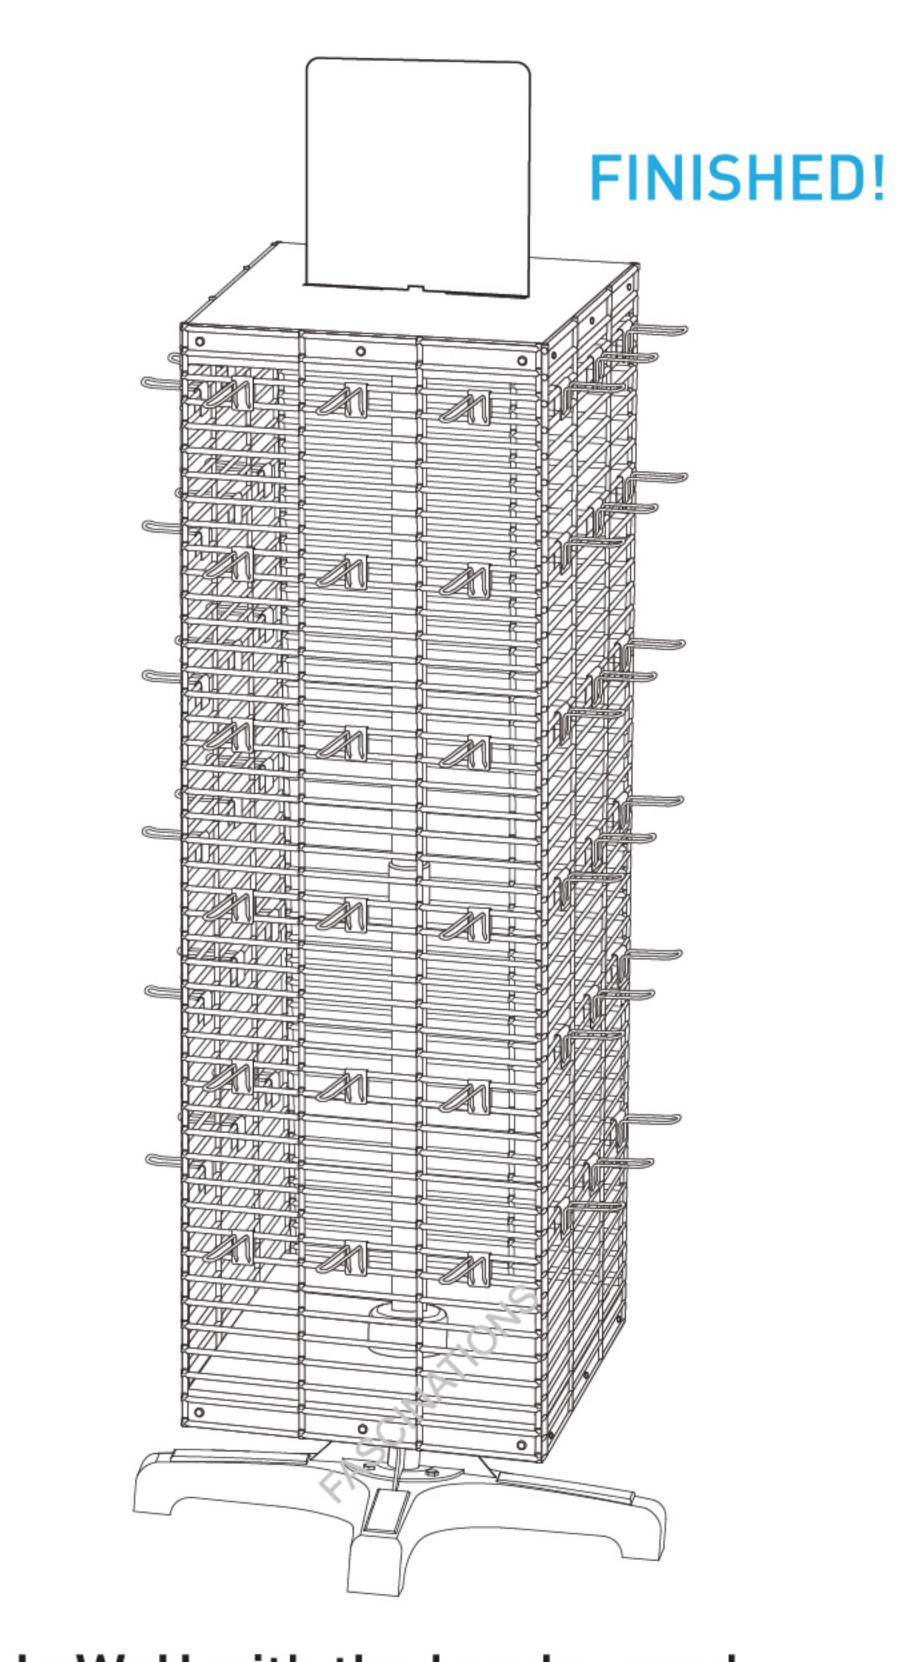

5. To insert the **Metal Hook**, slide it downward until it covers the second wire, as illustrated below.

It is helpful to hang a product sample on the first hook before setting up the others. Doing so will allow you to better determine how to space out the remaining hooks and showcase the products effectively. Ensure there is enough space between the hooks for customers to easily pick up and hang the products back.

7. Slide the **Header** Card into the Top Attachment Square.

LxWxH with the header card: 19.7" x 19.7" x 69.5" (50cm x 50cm x 176.5cm)

Item #MMDWR MADE IN VIETNAM
